Sticky Notes Offer New Opportunities for Advertising Revenue

Evergreen Printing makes it easy for publishers to take advantage of *Sticky-Note* advertising with the recent installation of a new *Wafer-Sealing Tabber* that also can apply sticky-notes. Known as *Repositionable Notes* by the US Postal Service, these notes come with full-adhesive backs to comply with postal regulations and ensure your notes stay attached.

Publishers have the option to supply preprinted notes or to order them through Evergreen. Evergreen offers a standard size of 3" x 3" round-cornered notes on either yellow bond or white semi-gloss. Up to 4 ink colors can be used including process or PMS. Options are available for larger sizes, high-gloss stock, reverse-side printing and even magnets. .

Evergreen Printing Company is a publication printer with heatset and non-heatset printing plus circulation fulfillment and mailing for business, trade, regional and national publications. Evergreen is located in southern New Jersey, twenty minutes from Philadelphia and two hours from metro New York and Washington, DC.
